

EVORA

Poa pratensis

- Perfect for tall fescue mixtures
- High wear tolerance
- Light to medium green colour
- Medium-large leaves and density

4salt

Perfect for mixtures with tall fescue

EVORA has medium density and the leaves are quite large. This gives a very homogeneous aspect when mixed with tall fescue.

These two species are also a perfect fit for hot and dry conditions where they match each other to produce the best possible turf summer and winter.

Allround nice and dense variety

As tall fescue, *Poa pratensis* contributes to increased wear tolerance allowing use for playgrounds and sport fields.

Technical Specifications

- Kentucky bluegrass
- Turf Type Smooth Stalked Meadowgrass
- Listed/recommended in EU
