

JOHNSONS GENERAL PURPOSE HOT

Johnsons Lawn Seed

- Family lawn, all-round mixture
- Outstanding appearance
- Hard wearing
- Hot and dry climates

General Purpose Hot and Dry

General Purpose is an excellent all-round mixture with an outstanding appearance whilst being very hardwearing.

Using modern dwarf type perennial ryegrasses and red fescue, General Purpose produces a lawn of superior appearance whilst being very hardwearing. Vigorous roots strengthen the turf and give it superior resilience and durability.

This excellent, all-round mixture will perform well in the majority of domestic situations. An ideal mixture for overseeding in spring or autumn.

To create and maintain a high quality lawn use an appropriate seedbed fertiliser before sowing. Once the lawn is established apply an appropriate lawn feed as required and overseed the lawn annually.

Technical Specifications
