

MAQUI

Lolium perenne

- Exceptional rust resistance
- Good yield
- Excellent persistence

Rust resistant and high yields

MAQUI has a top rust resistance on the recommended list in the Netherlands. In addition, it shows a high persistence. This combination of high disease resistance, high persistency and good yield in the second cut is unprecedented in the Netherlands.

Persistence

Also for persistence, Maqui ranks in de top 5 in Holland.

Technical Specifications

- Perennial ryegrass
- Healthy and persistence
- Listed/recommended in EU NL
