

JOHNSONS SPORTS SEED

The ideal mixture for professional turf

- Quick establishment
- Green cover and weed control
- Hardwearing
- Ideal for overseeding

Ratings

Johnsons Sports Seed is the ideal mixture for play and sports activity.

Turf managers maintaining the full range of sports areas will appreciate the extensive work carried out by our breeding team to produce cultivars offering high ratings for wear tolerance, sward density and tolerance of close mowing.

Quick to establish, Johnsons Sports Seed provides good green cover and weed control whilst withstanding substantial wear and tear. All varieties in the Johnsons Sports Seed range are selected so that they are hardwearing, dense and disease resistant, minimising the invasion of *Poa annua* and other weed species.

The mixture formulations and the varieties used, take full advantage of these characteristics, providing the sports turf manager with assured sward performance.

Johnsons Sports Seed

Cold and temperate climates

Mixture Composition	
Strong creeping red fescue	55 %
Perennial ryegrass	30 %
Smooth-stalked meadow-grass	15 %
