

GOLFMASTER

Masterline

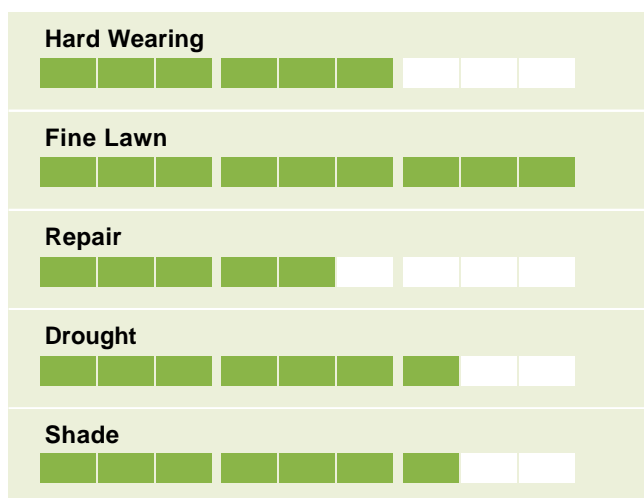

GOLFMASTER

Unique luxury mixture for golf fairways.

- Very fine leaves
- Tolerates close mowing
- Fantastic general appearance
- Two formulas: Cold and temperate as well as hot and dry regions

Ratings

Do not compromise

Sometimes only the best is good enough. For the best lawn the answer will be Golfmaster - here are no compromises made.

Only top varieties

In Golfmaster we only use the newest varieties with the best ranking in tests all over the world. And we always use more than one variety of each species - in order to ensure the maximum benefit of the strong points of each variety.

The result is luxury

With Golfmaster and with the correct maintenance you will have the most beautiful and dense green carpet in your garden.

Golfmaster

Cold and temperate

Mixture Composition	
Perennial ryegrass	15 %
Chewings and slender red fescue	50 %
Smooth-stalked meadow-grass	30 %
